

## THE CUCAMONGA DISTRICT

Established in 1870, the Cucamonga School District is rich in history. The first inhabitants of the region were the Gabrielino and Serrano Indian Tribes. Later the area was part of 13,000 acres granted from the San Gabriel Mission to Mr. Tiburico Tapia, which became the Rancho of Cucamonga. The first school was held in a room of the historic Rains House, which still stands today as a museum.

Today, the Cucamonga School District provides 2900 students with school buildings second-to-none.
